

AFLOAT AND ASHORE

Jean Baptiste Nearly Done Unloading Cargo.

TO PORTLAND ON TUESDAY

But Few Vessels Passing Bar or River—Some Tows Came Down for Sea Yesterday—Local Boats Are All Busy on Schedules.

The French bark Jean Baptiste, under command of Captain Delahoe, is still disembarking coal at the Elmore docks. It is expected she will finish discharging by Monday night when she will have put off 1600 tons at this port for her consignees, Samuel Elmore & Co., who have sold the balance in her hold, some 1800 tons, to the Holmes Coal & Ice Co., of Portland. On Tuesday, if towing facilities are at hand, she will proceed to the metropolis and deliver her remaining cargo there. Captain Delahoe is still busily engaged in settling business matters here, and especially the matter of the claim for salvage filed against his ship by the O. R. & N. Company. The matter is still pending, but an early conclusion is looked for.

The Callander tug Melville took the ship C. F. Sargent to Simpson mills at Knappa yesterday when that vessel will load square timbers for New York delivery. The trip from the Sargent's anchorage off the O. R. & N. docks, to the north shore berth was accomplished in a fraction less than one hour. Good work by a good boat.

The British ship Vanduara, Captain Williams, grain laden for Europe arrived down from Portland yesterday morning on the tow lines of the Oklohama, and went to an anchor in the lower bay. She is among the harbors for the time being.

The Jordan docked here yesterday morning from Cathlamet and way points with the following people on board: Sheriff Flanders and son, and J. G. Houchin, from Cathlamet; Mr. and Mrs. Anton Peterson, from Altoona and Peter Dieglisch, from Clifton.

The steamer Alliance came down from the metropolis yesterday with about sixty passengers on board for Coos Bay and Eureka. She went to the bar, but things were not to her liking so she returned to the city for a comfortable berth at the Callender pier and will try it again at 9:30 this morning.

The bark reported off the heads at noon yesterday is thought to be the French bark Jacques, Captain Hunter, from Molendo, for Portland, under grain charter for Antwerp.

The barkentine Portland, from California, came in over the bay yesterday morning on the lines of the Ta-toosh and is anchored in the city channel, off the A. & C. dock.

The barkentine Georgina came down on the hawsers of the M. F. Henderson yesterday morning and is anchored off the O. R. & N. piers.

The San Francisco & Portland steamship Senator is due this morning at the O. R. & N. piers, en route to Portland.

The Puget Sound tug Tyee was due here yesterday, after the French bark David D'Angers. She will take the Frenchman to Tacoma.

The oil tank Asuncion was reported off the bar yesterday but that barrier was a little bit too rough for her to attempt crossing in.

The British steamship Ellerie was due yesterday from Comox, B. C. She will load at Portland for the Far East.

How to Prevent Bilious Attacks.

One who is subject to bilious attacks will notice that for a day or more before the attack he is not hungry at meal times and feels dull after eating. A dose of Chamberlain's Stomach and Liver Tablets when these first symptoms appear will ward off the attack. They are for sale by Frank Hart and leading druggists.

WITH THE TEACHERS.

Meeting of Educators Held Yesterday Morning.

The regular meeting of the teachers of the Astoria schools, for the present school month, was held yesterday at the Shively building, at which the entire staff was present, save one.

After roll-call and the reading of the minutes the school superintendent spoke on the coming county institute in April, and the meeting then adjourned to the grade meeting and work. The subject under consideration was "Arithmetic," and the leaders were: In first grade, Miss Linn; second grade, Miss Shively; third and fourth grades, Miss Blinn; fifth, sixth, seventh and eighth grades, Mr. Willcutt; the discussion lasted for an hour, after which Superintendent Clark spoke in relation to the term examinations, especially as to promotions, warning the teachers against the promotion of people not duly equipped, as they had a deterrent effect on the classes, and advising that those who fell below 65 per cent should not take the examinations.

The teachers have decided to take up the study of Oregon history and impart it to the children in story-work. The next meeting will be held six weeks hence, at the McClure building.

Secretary Shaw Will Remain in Office Another Year.

CHICAGO, Jan. 13.—A dispatch to the Chronicle from Washington says:

"At the meeting of the Cabinet yesterday President Roosevelt asked Secretary Shaw to remain at the head of the Treasury until March 4, 1907, and Mr. Shaw agreed to do so.

More than a year ago Mr. Shaw let it be known that he expects to retire from the Cabinet in February of this year. The President did not understand that this was the Secretary's wish until some unusual reference was made to it a few weeks ago, and then he lost no time in urging the Secretary to remain in the Cabinet until the end of the present session of Congress.

Alleged Unlawful Deportation of Chinese Causes Trouble.

SAN FRANCISCO, Jan. 13.—Charles Mehan, head of the local Chinese bureau, has received a telegram from Frank P. Sargent, commissioner of immigration, asking for his version of the trouble over the deportation of Lee Wah and wife, and Chin Yoke, three Chinese, who were sent away on the Coptic on Wednesday last despite an order of the United States District Court. Fifteen minutes before the sailing of the Coptic Judge De Haven of the United States District Court made an order that the Chinese be held here until their case could be appealed. Notice of this order was telephoned to the passenger agent of the Pacific Mail who agreed to hold the Chinese. He telephoned to Mehan on the matter and Mehan, it is said, in the face of the court order, insisted that they be deported.

The Chinese consul here, and the Pacific Mail people, have telegraphed to Secretary Meahan, asking that the three Chinese be landed at Honolulu and return here by the next boat.
